EDUCATION

B.Eng Mechatronics Engineering Bells University of Technology

2016 - 2021

Ogun state, Nigeria

Course

- Mechatronics Engineering

WORK EXPERIENCE

Software Developer Univelocity

2022 - Present

Lagos, Nigeria

Achievements/Tasks

- From the time I spent at Univelocity learning only front-end web development and product design, I was able to complete a few projects.

Product Intern Palmpay

06/2022 - 09/2022

Lagos, Nigeria

Achievements/Tasks

- I was fully engaged by expressing my ideas in the Product Development team of PalmpayNg.
- I worked together with the UX researcher to conduct user research for a newly added product feature.
- I conducted a number of user tests on the Product.
- I reorganized the product's user testing report so that a third party user could better understand it.

Frontend Developer Wosam Arena Events Center

06/2022 - Present

Lagos, Nigeria

Achievements/Tasks

- I worked together with another developer to create the Wosam Arena website from the ground up until it was completely functional and put online.
